## INCLEMENT WEATHER REMINDERS

There are times in Niagara when weather conditions are so poor that we must cancel student transportation, and/or close schools to preserve the safety of students and staff.

The decision to cancel transportation and/or close schools is not taken lightly; a variety of factors are considered when making this choice. To learn more about how these decisions are made, please go to <https://www.dsbm.org/inclementweather>.

### Transportation Cancellations:

Information about transportation delays and cancellations is posted to <https://portal.nsts.ca/Cancellations.aspx>. When transportation is cancelled, every effort is made to communicate the decision by 6:00 am on the day of the cancellation. There are times when transportation is cancelled, but schools remain open. If, on those days you feel it is best for your child to stay home, please report your child's absence <https://dsbn.org/safearrival/> so we can make sure they are safe at home.

### School Closures:

When the decision to close schools is made, it refers to all schools: both in-person and remote learners. Every effort will be made to share school closure information before 6:00 am on the day of the school closure. You will find it on dsbn.org, all school web-sites, DSBM social media, and local media share the news widely as well.

**Elementary Schools:** Snow Day activities for kindergarten to Grade 8, will be available on the DSBM website on days when schools are closed due to inclement weather.

**Secondary Schools:** When secondary schools are closed, students are reminded they may access their course's online platform (D2L or Google Classroom) to review classroom notes, lessons, and complete any outstanding assignments or projects.

## Winter Walk Day

On **Wednesday February 7<sup>th</sup>** join schools across Ontario to celebrate [Winter Walk Day](#). While the cold air and snow might tempt you to drive, walking in winter can be enjoyable with some extra precautions. Here are tips for a safe and comfortable winter walk:

- Keep hands, head, and ears covered. Be sure hats and scarves do not block hearing or vision.
- Wear mittens, they keep hands warmer than gloves.
- Wear warm, waterproof boots with good treads for better traction on snow and ice.
- Wear wool or insulating clothing to help retain body heat.
- Beware if the temperature falls below -25 °C or if the wind chill is -28 °C or colder. This is when exposed skin freezes in only a few minutes.
- Change wet clothes as soon as possible - tuck extra socks and mitts into backpacks.
- Keep wearing sunscreen - yes, you can still get a sun burn in winter.
- Add reflective tape or tags on coats and backpacks.
